Time is the World's greatest teaser.
 It races like the wind when I
 would most like it to slow down
 because I'm doing something enjoyable
 Yet when I'm anxious for the arrival
 of something or impatient for an ending,
 When I want time to speed on its way,
 That's when Time laughs in my face
 as it ambles along—
 just out of my reach.

Tigers Roar: Upset Dos Palos

If the Tiger's pre-season was any indication of how they would fair in league, it was a pretty good one. They knocked off Tulare, Corcoran, and upset the Broncos of Dos Palos. The come-from-behind victory over Dos Palos was the greatest one ever witnessed in Tiger stadium, and possibly Tiger history. The W.Y.L. is the toughest league in the valley and you could see why. The Tigers bumped heads with some tough competition; Valley Champ Sanger, and semi-finalist Reedley. They gave their W.Y.L. opponents all they could handle. This was one of the smallest Tiger teams, but by far the biggest hitters. Mike Sula, the number three passer in the valley connected all season long to All-League end Jim Dalton. The big defense was led by All-League back Joe Etchebehere. It was a tough, extremely challenging season, but these athletes were a tough bunch and met the challenge head on—like TIGERS!

Quarterback Mike Sula checks out Mt. Whitney's defense before he starts the next play.

Jim Dalton pulls in a great downfield catch.

Everything was going their way, until the last game of the season. The Kittens had a good shot at the league's top spot, but only to lose it to Hanford in the finals. Sure there was disappointment among them and their mentors, but what could they say? They gave it their best shot. The league had ties, not unusual for a league as tough as the W.Y.L. The Kittens offense was led by the hard running of halfback Leonard Oliveira. Sophomore Greg Marshall guided the Kittens job at his quarterback spot. The defense was spearheaded by Brian Castadio, Allen Miranda, and Bill Godinho. It was a tough season and the Kittens fell short—but they were still WINNERS!

Oscar Zuniga and Neil Brown stop Tulare in it's tracks.

John Crowley jumps up into the air to snare a pass against Sanger.

TOP: Out of the hold of Greg Marshall, Stuart Rodrigues attempts an extra point, as Dave Houston keeps a defender away. BOTTOM: Allen Miranda, Neil Brown and Darrin Silva put a stop to a Reedley player.

Terry Oliveira nabs an interception while Eddie Lucio moves in to block.

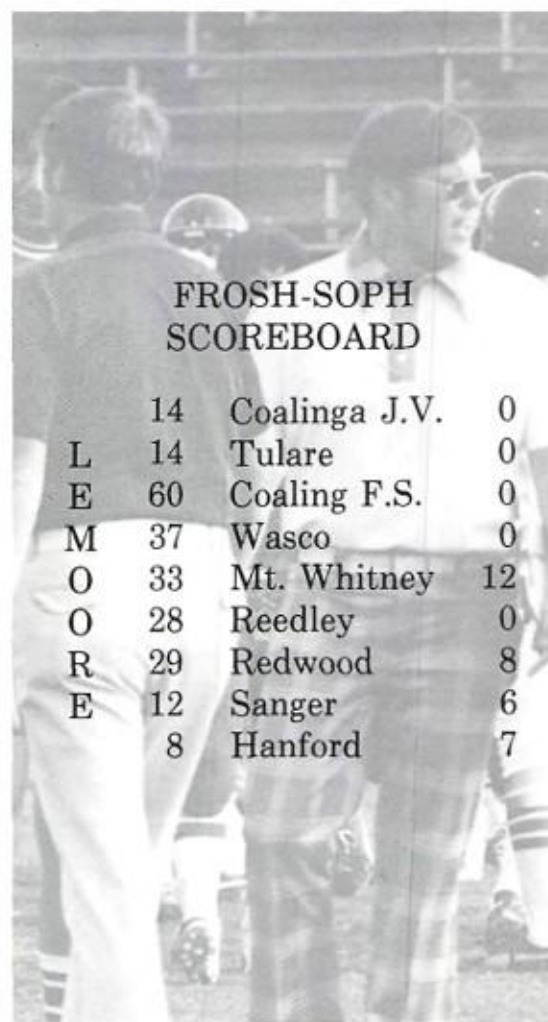

Quarterback Tim Torres hands the ball off to Anthony Rocha.

The undergrad teams at L.H.S. not only continued their winning style but the Frosh-Soph squad completed an UNDEFEATED season. They put their heads down and headed for the team's goal...the league championship. The fighting Kittens had one of the biggest teams in the league and they intimidated their foes. Tim Torres controlled the offense at quarterback, with Otis Tolbert and Chuck Sterret leading the running backs. Where the powerful offense couldn't score, the dynamic defense took over. The defense, guided by Patrick Simas, Jaime Cavazos, and George Gaffney shut off any threat of scoring. These Kittens will be back next year as J.V.'s and fighting Varsity Tigers. Look out W.Y.L., they're going to get you!!

Night Rally: A Rowdy Success!

Lets get a little bit rowdy, R-O-W, uh D-Y. And with the Juniors there to lead everyone, it was easy! Their spirit was sky high. They started out on the right foot by winning the three-legged race hands (feet?!) down. And then they took the pyramid building AND the overall spirit award. The Seniors, with their beautiful first place cheerleaders, won a tough egg tossing contest against the Freshmen. The Sophomores won the relay race and with Mike Elton Benito and Rick Kiki Gillett, took first in the "queen" contest. And the Freshmen. Well, there's always next year!

Rowdy Juniors fill the air with snow.

Juniors show how to "pile it on."

Kiki Dee and Elton John (Rick Gillett and Mike Benito) boogie down.

Karen Swift "goes for it".

Tim Torres gets that egg.

The Senior class tells Tammi Fraley to "sit on it".

Chris Clinkscales, Larry Boyd, and Sheila Ford chow down-on onions(!?!).

And the Winner Is . . .

Homecoming. What a night! Queens are crowned, floats are awarded prizes, the stands are packed, and the band's happy sounds fill the air.

Leading up to our Night Rally/Homecoming festivities we had four crazy days of dress up. On those days we had various mismatched people, martians, "Fonzies", and even part of the Mafia running around on campus. At our noon rallies, prizes were given for the best costumes of the day. Then on Friday everyone turned out and voted for their favorite queen candidate. And when the votes were tallied, Lisa Zanola was our queen. Stephanie Thomas, last year's queen, was there to crown Lisa. And once again, the Seniors' float won!

The winning Senior float. (That needs a little inside help during parades.)

Leisha Teague eyes a possible spike.

Last year's dream is this year's reality ... the league title belongs to the Tigers! Coach Dufour knew she had the personnel to be contenders in the valley, and she was right. The Varsity gals captured the league and advanced to the third round of the valley playoffs, before being defeated. This proves that our women athletes are the best in the West Yosemite League. The fighting Tigers had to beat the long time powerhouse, Reedley, before notching the league crown. The Varsity girls were paced by All-League members Sandy (Hammer) Pearcy, Leisha Teague, and Sherri Hathaway. The J.V.'s also placed first in league behind M.V.P. Lory Hamilton. The Frosh-Soph ended up in second place, and they were led by their most valuable player Diana Billingsley.

Jerilyn Miguel makes a diving save, as Kathy Handcock and Kathy Bengston offer help.

J.V. FRONT ROW: Diane Horiuchi, Debbie Domingos, Letha Jones, Lory Hamilton, Jerilyn Miguel, Fran Macias. BACK ROW: Kathy Bengston, Karen Hall, Kathy Handcock, Tammy Feese, Rhonda Marshall, Kym Turner, Teresa Tassler.

Gymnasts Do It Again—Champs!

VARSITY. Melanie Jennings, Donna Badasci, Karen Schwarzenbach, Susan Adams, Leslie Schwarzenbach.

Donna Badasci points to perfection.

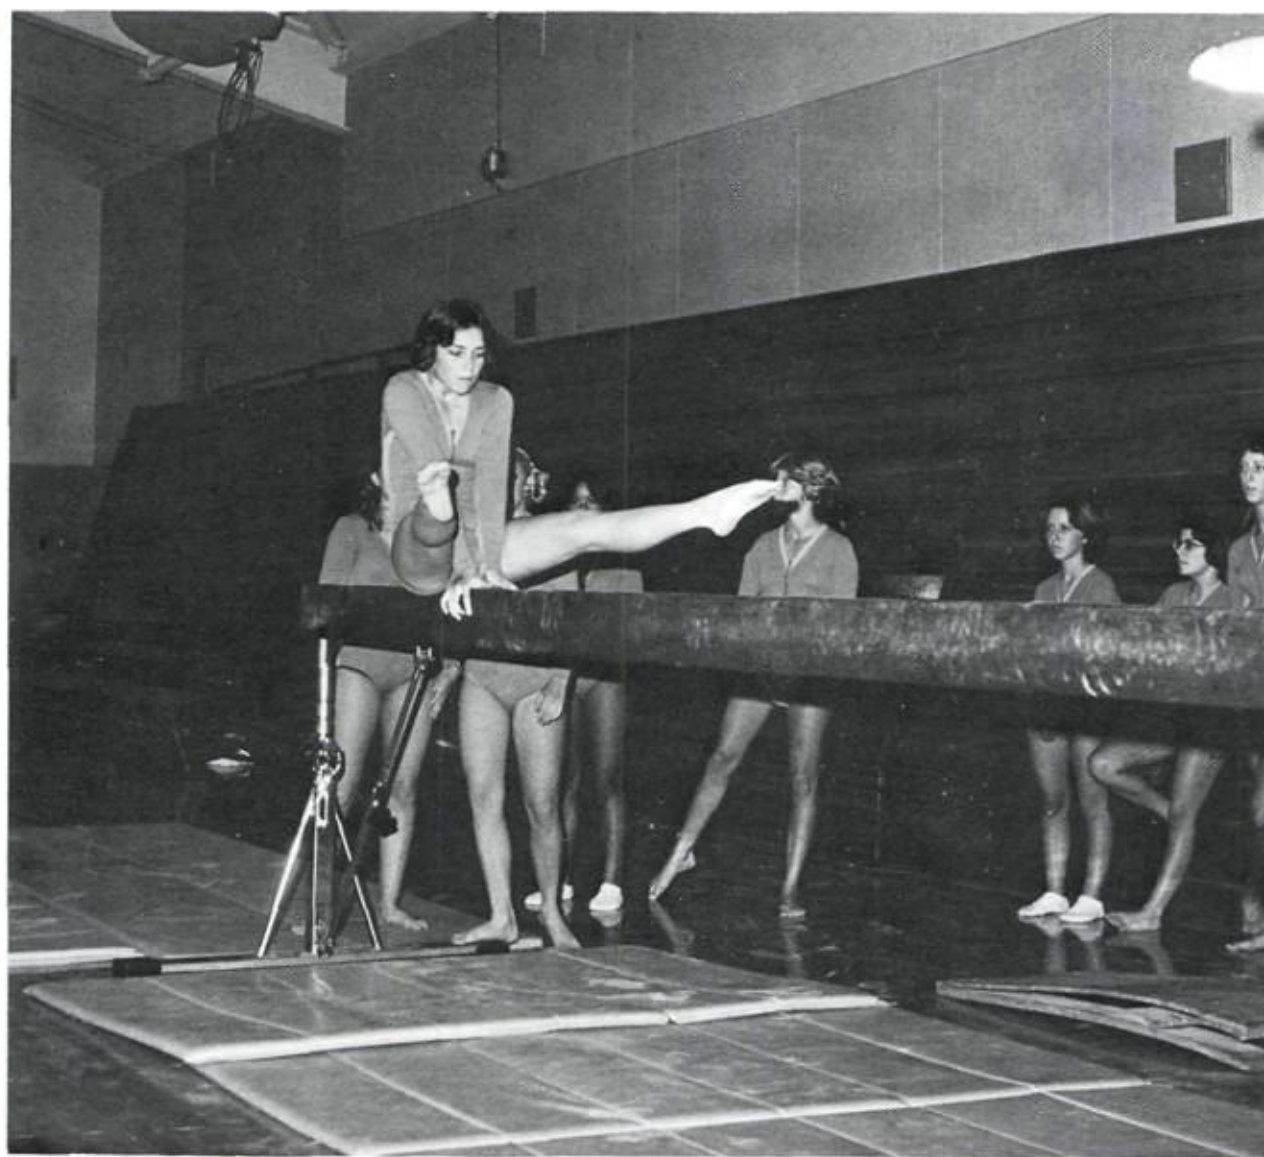

It's becoming a tradition at L.H. S., that the varsity gymnasts won't settle for anything less than first place at the league finals. Coach Lois Hubanks is proud of their dominance in the past few years and hopes to continue it in the future. It shouldn't be too difficult, as all five of the varsity members return next year. The Tigers were led by the outstanding consistency of Junior Donna Badasci, who was voted as the team's M.V.P. and highest scorer. She was followed closely by the team's Captain Melanie Jennings. These two gymnasts finished one-two in the league finals. The J.V.'s saw daylight for a first, but were edged out by a tough Redwood squad. Jeanette Irigaray, M.V.P., led the Kittens all season long. These women are great examples of why female sports are alive and advancing.

Sue Adams steadies herself for her next move on the beam.

Karen Trombley brushes up her beam routine, as fellow J.V.'s await their turn.

Covington, LaFleur Lead Harriers

The harriers had a well balanced attack and seemed to be the ones to outrun. These runners deserve a lot of recognition because who puts in more hours of practice than they do? NOBODY. They are up at the crack of dawn running around, rain or shine. They run after school too. By the time a meet comes around these athletes are ready to go, go, go!, and they usually do just that. They finished with a fine team effort from everybody. The girls are up and coming too. They practice equally as hard as the guys, which consists of running at least five miles a day. Setting the pace for the Tigers was John Covington, who set a new school record in the three mile course. The women runners were headed by Freshman Susan Lafleur, a fleet footed rookie.

Torres Chosen "Tiger of the Year"

Here we are, at the second annual Powderpuff games at good 'ole LHS! The stands are packed, even though the temperature is chilly, and the crowd has blood in its' eye. The players are nervous. The players are...girls?! Yep, and they are really terrific! They get out there on the field and do their thing and do it well. Spiraling passes rocketed through the air, punts flew like they had wings and those interceptions, WOW! Along with all the excitement on the field, Tony Torres was announced as the 1976 Tiger of the Year and Terri Walton received a trophy for her punt, pass, and kick performance. And the Seniors were tops again!

Excited Seniors proved who's number one by winning the powderpuff competition.

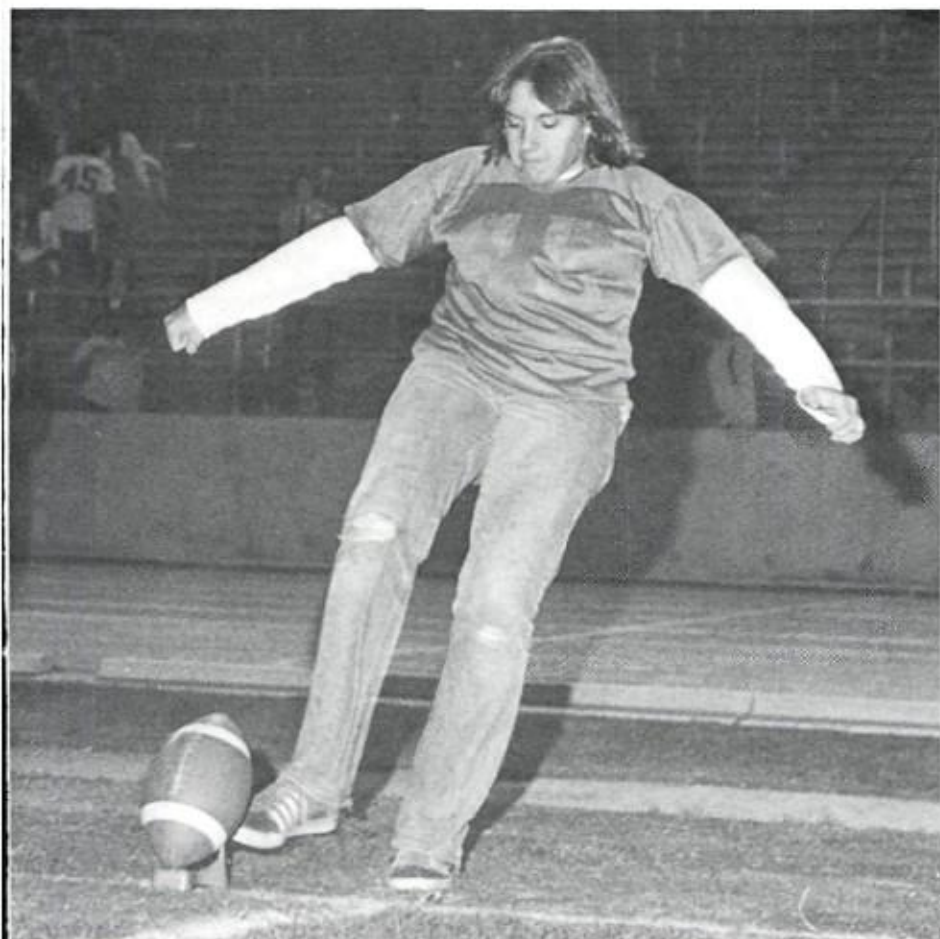

Tony Torres, with escort Donna Dufur happily accepts his "Tiger of the Year" award from last year's winner, Stephen Cotton.

Tony "the Tiger" Torres presents Terri Walton her award for winning the punt, pass, and kick competition.

Cathy Lowas gets a flying start in the punt, pass, and kick competition.

Misty Carter tries to block Kym Turner so Sandra Teter can get that first down.

As a surprised Sandy Piearcy catches the ball, Debbie Domingos attempts to take away her flag.

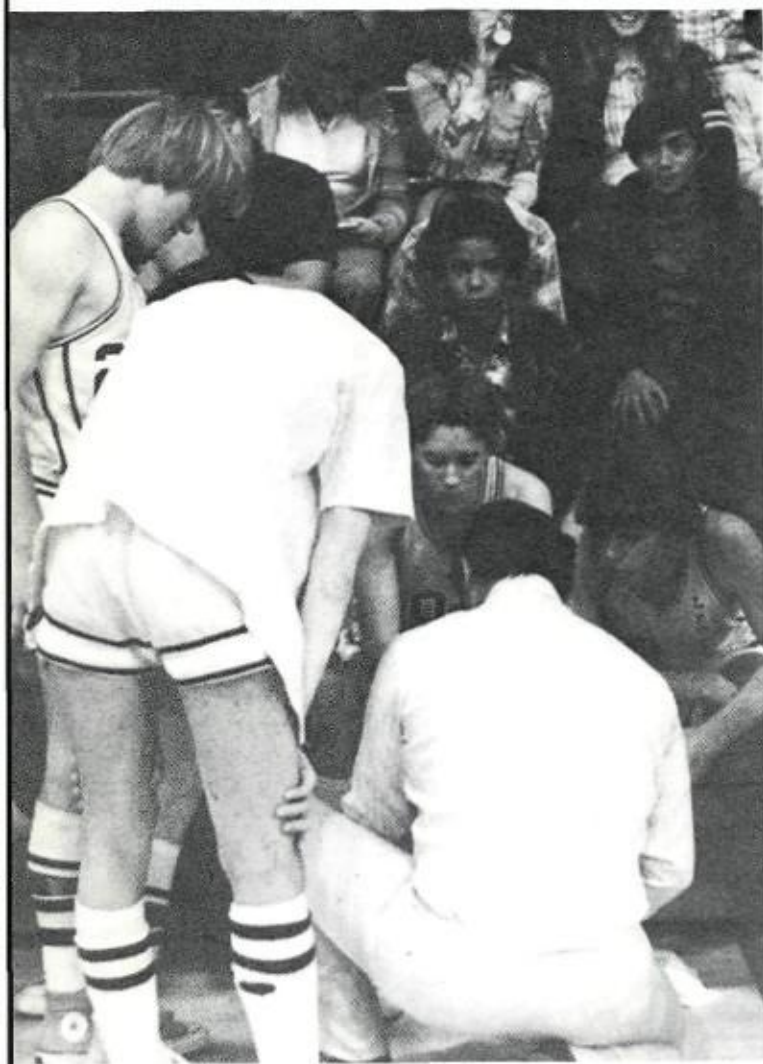

Freshmen cheerleaders Todd Williams, Paul Niday, Steve Gobby, and Brian Ford use special talents to boost Freshmen morale.

Tiger Den, Home of the Undefeated League Champions—The Lemoore Tigers! An outstanding 10-0 record in league, plus a most impressive 13-3 pre-season mark, added to their 1-1 Valley Playoff record, earned Fred Mahoney and his Tigers the honor of being the winningest team in the history of LHS Basketball! There were two more things to polish up their glimmering season; one was the selection of Harvey Marable, Gene Paulo, and Dick Gudmunson to the 1st Team All-League in the WYL, and number two was the naming of Coach Fred Mahoney as WYL Coach of the Year! Congratulations Tigers on your fine performance and your victorious season. You showed the fans, the school, and yourselves, that were # 1.

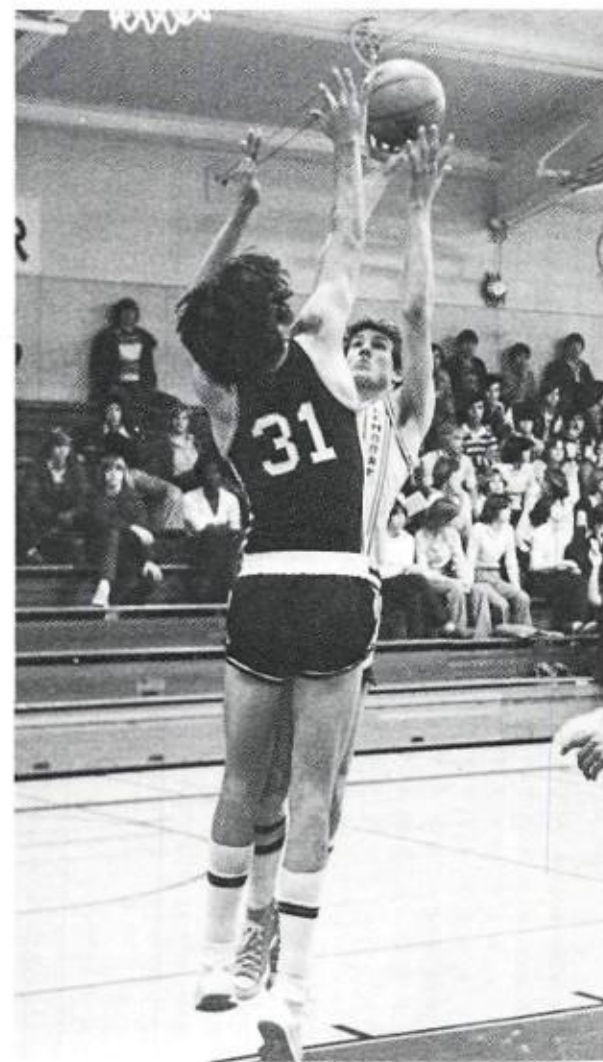

Heads Up Kittens: Co-Champions

Coach Jim Gordon and his Kittens talk things over during a time out.

When a coach is promoted from Frosh Basketball to J.V. one does not expect miracles, but it happened anyway. Coach Jim Gordon took his knowledge of the game and his skills in coaching and created a co-championship! With a combination of speed and quickness, plus heads-up play, the Kittens were on their way to the top. Close games were characteristic of most of them all season long. They didn't rap up a spot for the title until the second to the last game of the season. If the last game could've been theirs, then they would have been champs all by themselves, but a co-champ is better than no-champ! They may be from the smallest school in the league, but their 15-5 record says it all!

Frosh-Soph Break Even in '77

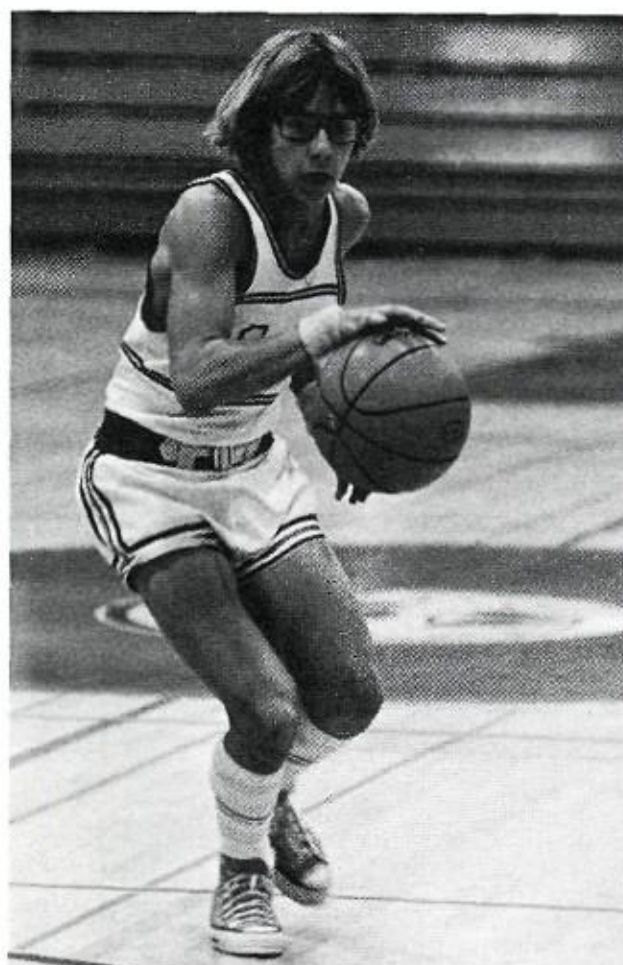

FRONT: Brian Ford, Chuck Sterrett, Roger Flower, Pat Murphy, Angelo Macias, Jesse Martinez, Kurt Reynolds. BACK: Coach Dave Miller, Larry Johnson, James Hill, Jim Hammond, James Clark, Paul Hallen, Paul Jackson, Reggie Tanner, Pascal Budge.

Get rid of a Freshmen team, add a girl's team, and what do you have? You have a Frosh-Soph team composed mainly of Freshmen, with one or two Sophomores helping out. Now add first year coach Dave Miller, the sum comes up to be a fighting underdog. While other teams allow a lot of Sophomores to play for them, LHS does not. Of course the coaches and ball players are disappointed, but women have their rights. This may hurt the basketball program in the future because fewer players will be allowed to compete. In spite of the change, the team ended up with a 12-8 overall record, and anytime you have more wins than losses, you've had a winning season!

The girls have finally gotten what they're been hollering about ... basketball! And you can't really blame them because an undefeated league record of 10-0 says it all! This team is amazingly exceptional considering it's their first year in existence. Coach Karen "ROOKIE" Wood (WYL Coach of the Year) got the ball bouncing in the right direction, with a 9-1 preseason mark. After being undefeated in league, they went to the Valley Playoffs. The Tigers ended their season with a **THIRD** place finishing in the valley! These girls practiced as a team, played as a team, accepted victory and defeat as a team; and a team will defeat individuals every time. Girls, we must agree, equal rights includes you and your basketball!

Wrestling: Skill and Dedication

WRESTLING: A contact sport that requires strength, skill, and dedication. The strength comes from pushing steel five days a week, and then doing it twice as hard the following week. The skill comes through their eyes, ears, and practice. First, they must see Coaches Aquino and Struhl demonstrate various maneuvers the right way. Second, they must listen to the ways in which it can be used in competition. Third, they must practice and develop the moves and holds on each other, then on their opponents. The dedication part is probably the most difficult aspect of the entire program. It takes special training and determination to maintain one's weight and strength for a match. Add up these three ingredients and what do you have? It's simple, you have the LHS Fighting Grapplers, and these guys are winners!

Sports, Flappers, Mafia Get Gonged

The "Super Sports Stars came out, the Mafia carried out their very "friendly" assassinations, talent?? was appropriately gonged, and the flappers flapped. This was our wild Interclass. And wild it was. For the second time (Homecoming week, too) the Junior Mafia terrorized the Interclass participants. The Seniors presented the "Gong Show", with underclassmen (Seniors in disguise) as contestants. The Freshmen won the spirit award as the "Roaring Twenties" and the Sophomores were Super Stars. And the Seniors did it again! They won both the basketball and volleyball games.

Sophomore "Sports Stars" have spirit, how about you?

Teresa Jennings and Jim Bennett share a chocolate pie, while Cindy Crenshaw, Gene Billingsley, and Clay Wagley observe.

DeDe Lorenz gives instructions to Gong Show panel members Sheila Ford, Kevin Hotchkiss, and Kelly Feese.

Donna Badasci gives Shannon Dundon a ride on her own special bicycle after being run down in the Junior skit.

Frosh rooting section give their players some encouragement.

Kym Turner and Tammi Fraley are set for Dave Miller's toss as Kim Neal, Carol Jones, Lisa Zanola, and Dena Daugherty wait.

Super Senior Kathy Hall returns a volley while fellow Seniors wait to get into action.

Vets Lead Tiger Baseball

FRONT ROW: Derrick Lorenz, Mitch Smith, Dave Sjoland, Ray Madrigal, Joe Etchebehere, Chip Clemens, Brian Castadio, Dave Griffin.
BACK ROW: Bob Clement (Coach), Sal Zuniga, Tony Torres, Tim Billingsley, Joe Fray, John Miller, Jim Daulton, Doug Semmen, Tom Durant, Rick Leavens (asst. Coach).

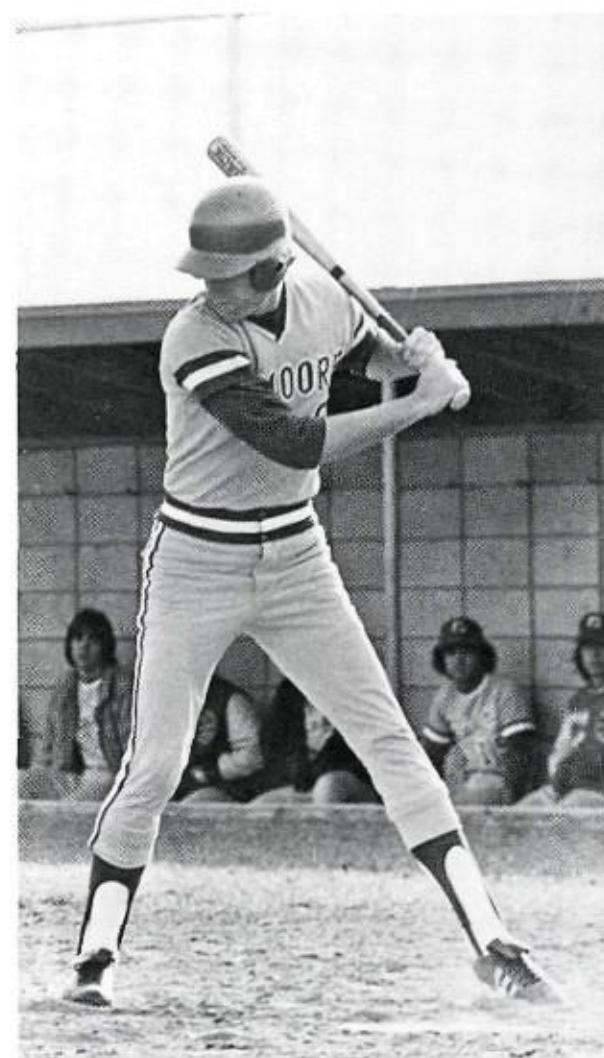

The Varsity Baseball Team is no different from the other Varsity teams ... it's loaded with veteran talent too. Tony Torres heads the Tiger attack on the hill, with Doug Semmen and Tim Billingsley completing plate chores. Go, "Big Gold" Go!

The J.V.'s had little success due to a lot of bad luck. They seemed to have had the pitching talent and fielding experience, but not the hitting. You have to have all three to win, and the Kittens came up short.

The Frosh team looked impressive, and should contend strongly for the title. They have a balanced team in all departments: pitching, hitting, and fielding. Plus they have that needed additive to win—confidence.

Sal Zuniga prepares his spitball.

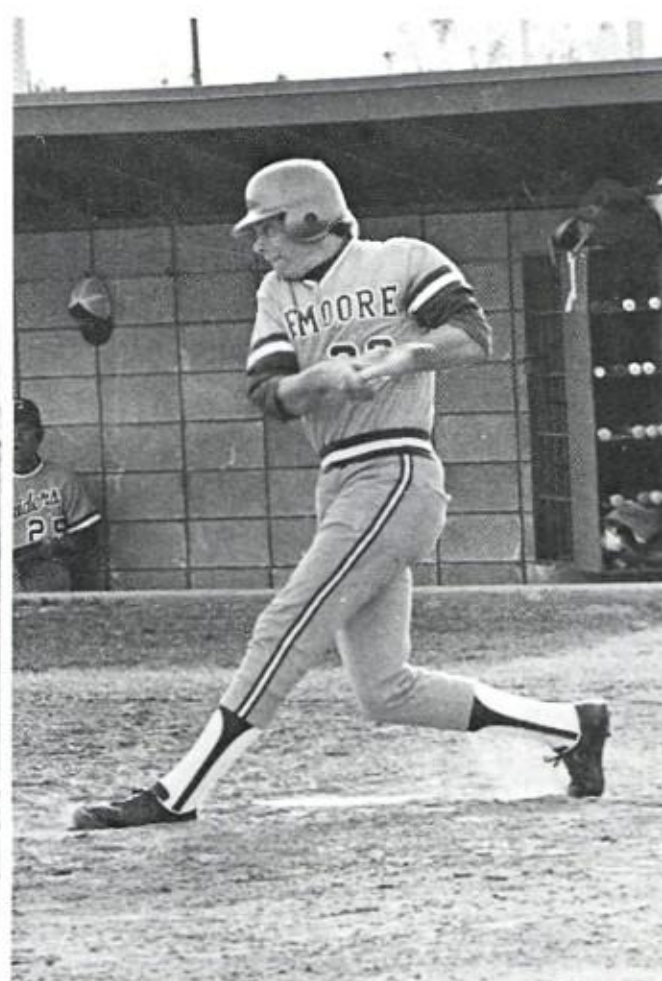

Jim Daulton waits for "his" pitch.

LEFT: Dave Griffin connects with the low pitch. BOTTOM LEFT: Dave Sjolund watches opponent take the ball away. BOTTOM: Tony Torres gives his curve ball that extra effort.

Brian Castadio gets signals from Coach Leavens.

Tom Durant swats a Tiger hit.

Neal Evans vaults over the bar with ease.

The Varsity spikers looked no different this season than they did in any other; they still possessed that fleetness of foot and lightness of body. They looked once again to run away with the league crown. Art Bradford and Gene Billingsley sprinted to finish lines, as Dave Jones clocked quick times in the 440, and Lee Lewis jumped in and out of the sandpits.

The J.V. tracksters looked to keep the spirit alive in Tiger Track and that was to win. The quick Kittens ran in and out of most meets stealing most of the gold, silver, and bronze medals. The team was not to be slowed down by anybody, or anything, including the weather. George Gaffney crossed the tape first more times than not, with the rest of the team not far behind.

The Frosh runners and jumpers were pressured to do their own thing ... and that was to run, jump, and put themselves into that league championship. The other teams were doing it so why shouldn't they? Well they should, and they tried, and they did. The team was led by everybody, because you can't do it alone in this rugged race to the top of the hill!

TOP LEFT. Noel Derouin strides towards the finish line in the 330 highs. TOP RIGHT. Coach Bob Fraley demonstrates the right technique for throwing the discus. BOTTOM. Doug Luis skims over a hurdle in the 70 yard high hurdles.

TOP. Mike Sula springs skyward in the pole vault. BOTTOM. Harvey Marable goes up to clear 6 feet in the high jump.

LHS's female version of running, jumping, and throwing, otherwise known as track, is getting some recognition of its own. The Tiger teams compete hard and fast, and they're determined to bring home some of that hardware for themselves. A strong contender for the WYL race, they have proved their speed and strength to other schools by virtually "running" over them. They have the flashy sprinters such as Dorothea Gaffney, Letha Jones, and Yoly Allilin, plus a fine jumper in Tammy Fraley. The female tracksters deserve a lot of credit—they've helped women's sports come alive.

TOP LEFT. Stacy Kelly, Diane Billingsley and Trish O'Halloran wait for the sound of the gun to start the 440. TOP RIGHT. Janet Nelson and Nancy Scheber come in one-two for Lemoore. BOTTOM. Girls distance runners wait the start of the time trials during afternoon practice.

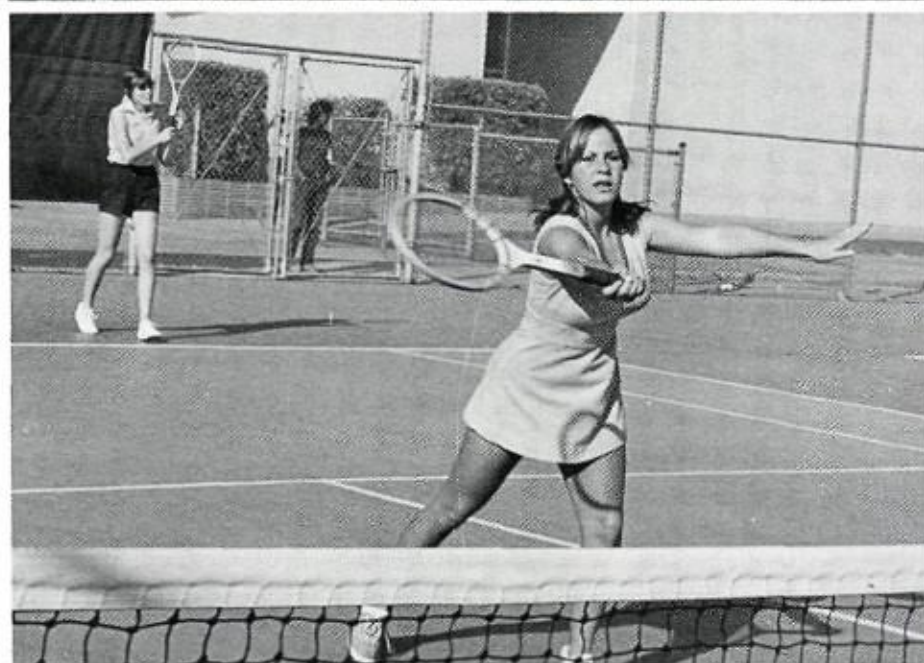

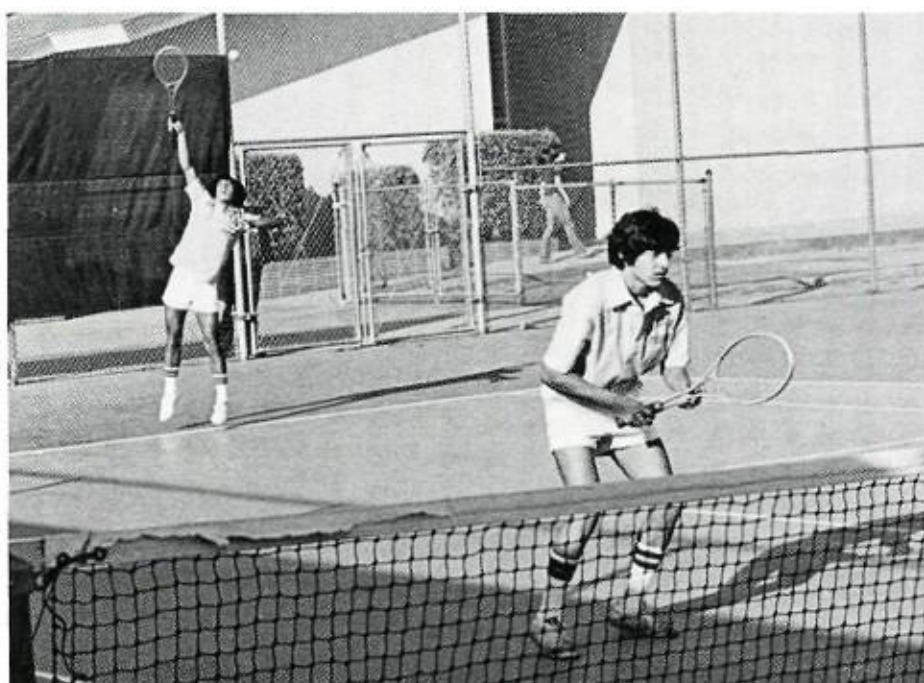

TOP. One of the leading women long jumpers in the valley, Dorothea Gaffney, waits for her event. BOTTOM. Diana Billingsley and Stacey Kelly finish the 440 with good times.

Experienced Netters Invade Courts

A strong nucleus, consisting of four returnees, leads the way for the male varsity netters. Ted Reynoso, one of the top singles players in the valley, heads Dave Lee's Tigers. Rounding out the team are Fritz Parker, Roger Delaney, and Mike Hudson. Experience always helps, and the "Big V" had it! The J.V.'s had some new faces, but the ball bounced in the right places. Freshmen Brian Ford and Paul Niday were on top most of the time, with Matt Williamson completing the sweep.

The female varsity netters, like the boys, had experienced players take to the courts. Seven returning racketeers usually means a solid, unbeatable team, and this team was no different. All players did their job and were rewarded with victories. The J.V. gals were younger in status, but just as talented when it came to knocking the little fuzzy ball over the net. The girls had to keep their winning style alive, and tennis proved to be no different.

Fritz Parker hits a forehand slice on his way to the net.

TOP. Mike Hudson "serves it up" while Dan Reynoso is ready for any possible return. BOTTOM. Lisa Zanola smacks a forehand volley as Sheila Ford waits for the return.

TOP. Dena Crouse displays beautiful form on her serve. BOTTOM. Roger Delaney swings all out with his topspin backhand.

FRONT ROW. Fritz Parker, Ted Reynoso, Roger Delaney, Dan Reynoso. BACK ROW. Coach Dave Lee, Mike Hudson, Barry Wenzel, Joe Harding, Robert Silva.

TOP. Karen Swift pushes to extend her lead.
BOTTOM. Managers at work???

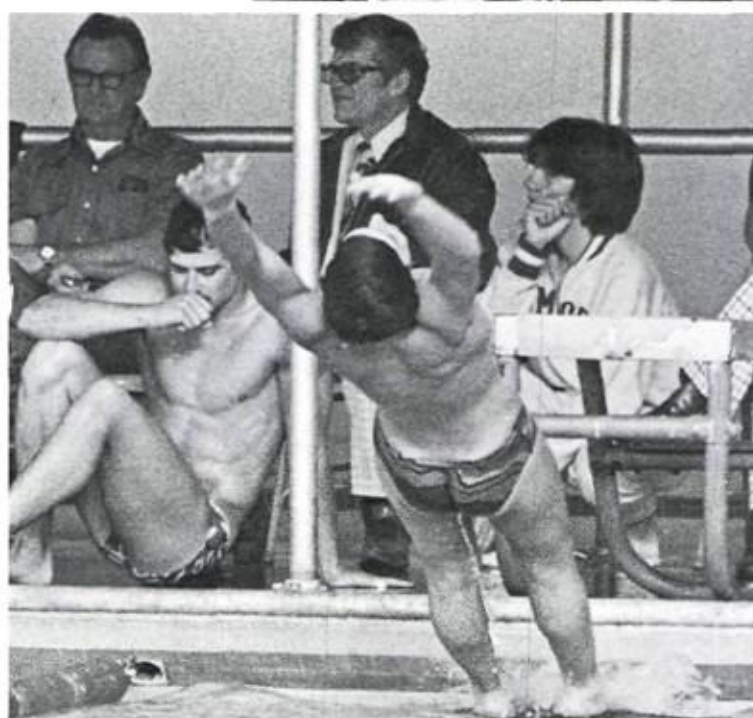

Number wise, they are not very big; talent wise, they're GIANTS! The boy's team is once again led by Ben Lloyd, Dennis Swift, and Brad Jones. These few guys give more teams more fits, than any other trio around the tanks. They've had the necessary training and skills to contend with most valley swimmers. The team is once again coached by Riley Jones, who whistles, shouts, and everything else, except jump in the pool with them. A small team, but a big SPLASH!

The female tankers were more

numerous, but the splash was about the same. They lacked in depth and experience, but were backed by two of the league's top swimmers in Karen Swift and Sherry Cavanaugh. These two gals have been swimming a long time, and in the pool they know how to show it. Coach Jones has the female athletes too, and at times he wishes he didn't. Both swim teams are helped out by the boys' and girls' diving teams, which was experiencing a rebuilding year. They truly are "Dangerous When Wet!"

HARVEY (a Rather Tall Rabbit) Comes to LHS

TOP: Kate Ford forewarns Becky Dudek, Karen Schwarzenbach, and Cristi Strain of the after-effects of Formula 977. BOTTOM: Kurt Strain calls to straighten out the dilemma of who is to be committed as Alene Whitten, Regina Rush, and James Baxter listen.

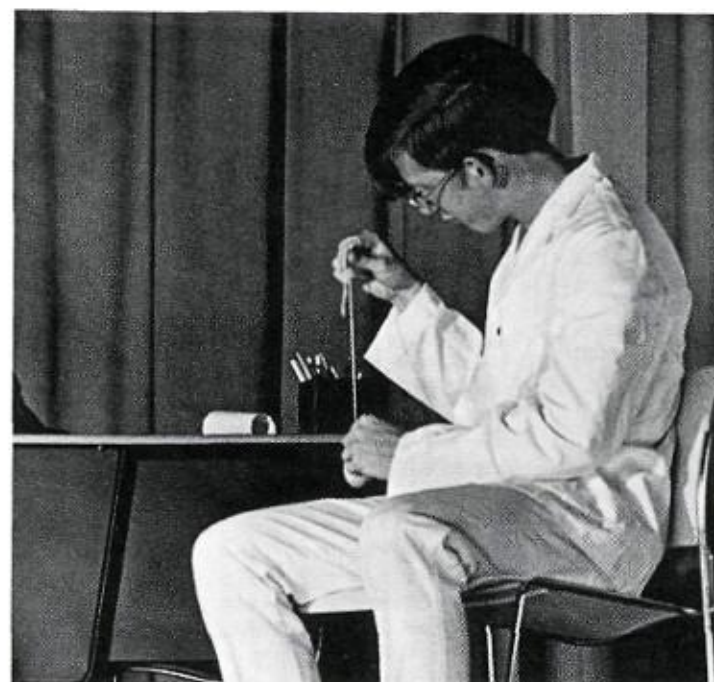

Who would believe in a six foot and one-half inch tall invisible white rabbit named Harvey? Elwood P. Dowd did. And that's when the trouble began. Presented by the Junior class, the play "Harvey" centered around Elwood's frantic efforts to get his stubborn sister, Veta Louise, to believe in Harvey. But Veta Louise had other plans. In explaining Elwood's symptoms to the mental institution's doctors, she herself is almost committed. Then Judge Gaffney comes to the rescue and saves the day.

Becky Dudek and Cristi Strain try to distract Shannon Carter from Thierry Budge, so she won't find out about Harvey.

TOP: A frustrated Nate Dowers plays with his yo-yo!!? BOTTOM: Thierry Budge invites Mrs. Greenwalt (a wrong number) to the Wednesday Forum.

Presenting — The American Dream

Terri Parent, Cam Maloy, and Janet Nelson sing a song "full of bologna."

The family unit will survive whatever it is put through in the name of American tradition. It is the foundation of our society and should this foundation crumble the family—the American Dream, will cease to exist. This was the concept of the three act collage, "The American Dream," presented by the Senior Class. Staged in the new cafeteria, the play was the first original musical ever to be produced at LHS. The three acts centered around youth, maturity, and old age, and had music from commercials, musicals, and plays.

Our student council is dedicated to the proposition that every student should be included in every activity they can be whenever they can be. In fact, that's their job.

Set up just like our national government, the judicial, legislative, and executive branches work together to book us assemblies, enact laws, and set up elections of every kind. They help get us involved with our terrific high school and with each other. And they really do a GOOD job!!

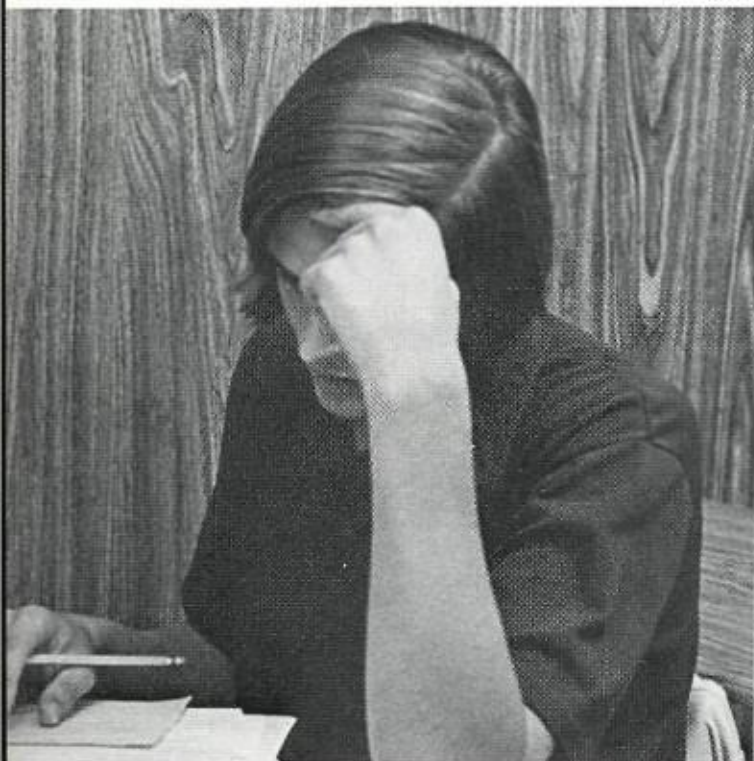

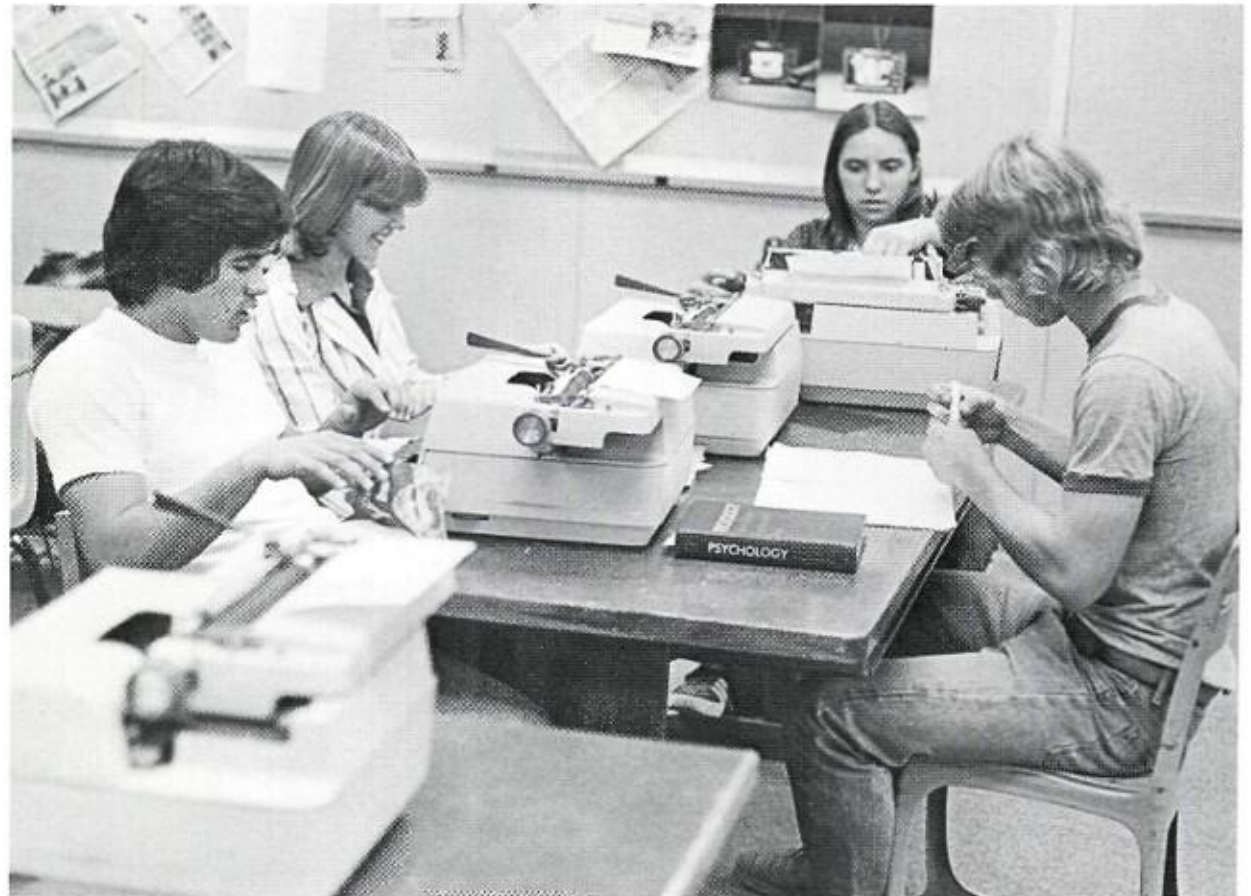

Cindy Crenshaw and Gene Billingsley examine Student Council notebook as Cristi Strain looks on.

Tiger's Voice Brings Us the News

Bringing us the news "updated and personal" is the job of the Tiger's Voice. And it really is a job! Those "cub reporters" are everywhere getting down the news while it's happening. And sometimes even BEFORE it happens. They review rallies, give us the scoop on holiday customs, introduce us to our teachers, and let us know how our favorite Tiger team is doing in sports.

Scott McDonald, Cathy Lowas, Ray Madrigal and Dana Hotchkiss work on their articles that will be published in the weekly newspaper.

We've got spirit yes we do, we've got spirit, how 'bout you!? That's what our Pepsquad has plenty of. Spirit. And they aren't quiet about it. With the "rowdies" of every class they let people know how proud they are of our fighting Tigers. And our Pepsquad doesn't do their stuff only at home. Every summer they go to camp and learn new ways to hail our mighty Tigers. And they even win ribbons while they're learning! Then they come home and show us what they've learned, during rallies with skits and routines, and out on the field. But most important of all, they show our team we love them whether they win or lose.

Band Fills Air With Happy Sounds

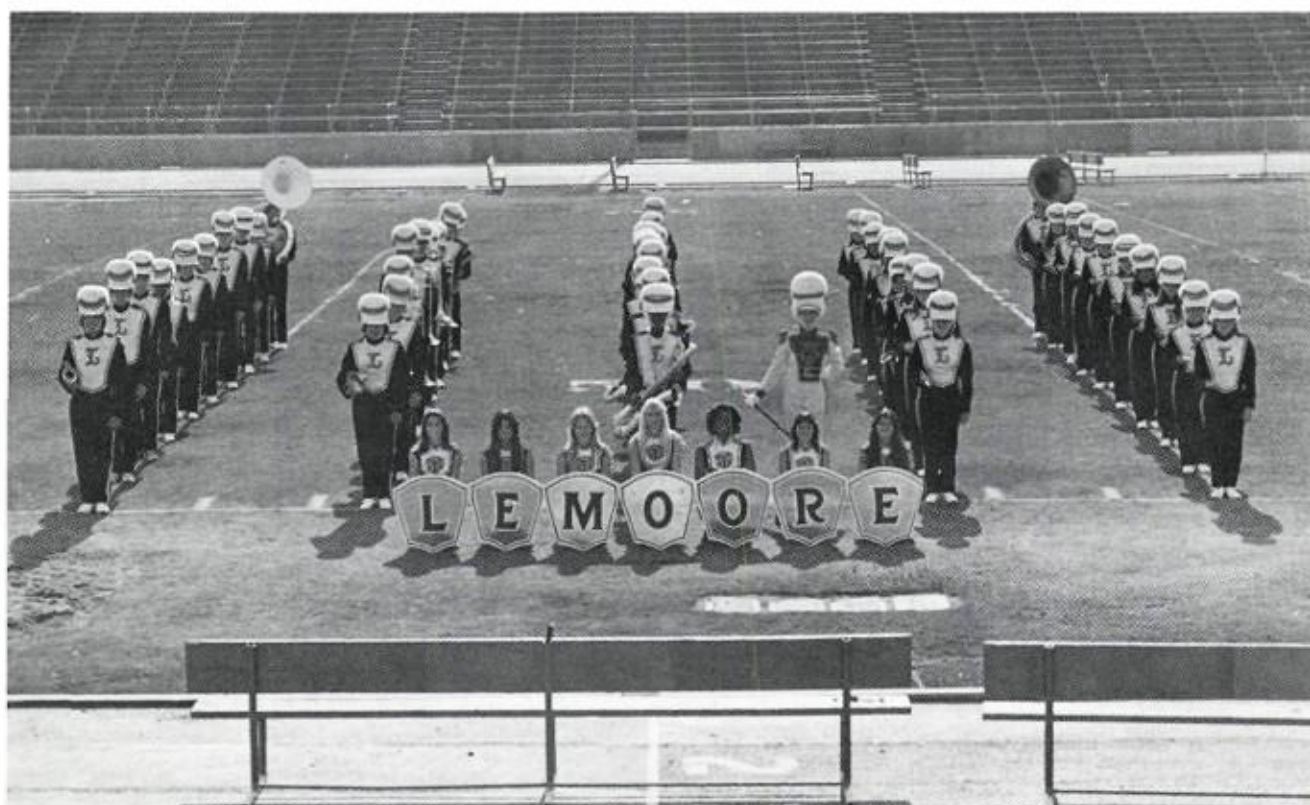

Left, right; left, right, left. At ease! A complicated military maneuver? No, it's our band practicing one of their halftime shows. About face. Halt!

Our band fills the air with their happy sounds during the football season. They're kind of our own on campus, "top 40". Then part of the members become the Pep band during the basketball season and do their thing in the bleachers. During rallies they help raise spirit and get people excited about the upcoming game. They enter competition and help spread our Tiger spirit. RAH!

FFA: Industrious, Competitive

Our Future Farmers are an industrious bunch. Every one of them, being interested in at least one of the many facets of the farming industry, is on the go all the time. There are parades for horse enthusiasts, competitions of every kind, involving their own sheep, horses, cows, and swine, tractor driving contests for the daring Evel Knievels of the FFA set, tree pruning, and judging events of all shapes and sizes. Even Old MacDonald has nothing on these kids!

CSF — Room 18

First Semester Members: Susan Brown, Maria Flores, Nate Dowers, Joe Harding.

We have one of the most industrious CSF chapters around right here on our campus. On the second Tuesday of every month, if you happen to pass by Room 18 you'll see the illustrious club members working on their sales pitches, planning one of their after game dances, talking over some of the problems that crop up, or planning their annual overnight trip. The members sell book covers, snazzy stationery, and give two scholarships. That's some club!

Attending their monthly meetings, the CSF members listen to the plans for their annual trip.

Nuntius: LHS "Messenger"

Nuntius. What? Nuntius. It's Greek for "messenger". And it's also the name of our terrific Year-book. But to those of us on the staff, it's more than just a funny Greek name. It's an experience. It's learning people's names and faces, making layouts, taking pictures, discussing ideas and sometimes even arguing a little, helping each other, and going a whole lot crazy before a deadline. And it's celebrating when everyone has finished. We enjoy every minute of it!

TOP: Business Staff. Rita Otth, Dorit Dudley and Jill Bragg. BOTTOM: Jaime Hallen, Sophomores; Mike Hudson, Photographer and Juniors; Janean Amerson and Kelly Feese, Seniors; Becky Dudek, Freshmen.

Girls' Leaguers Guide Freshmen

Do you know what happens when you take half of the female population at good old LHS, put them all in the same place, and give them a name? Girls' League, that's what! Our Girls' Leaguers are tour guides, refreshment getters, and entertainment providers for our incoming Freshmen girls.

At the annual Girls League sponsored event, incoming Freshmen and their big sisters enthusiastically observe the activities.

FTA Members Learn About Teachers

Our FTA members are all interested in entering the teaching profession, in either primary or secondary fields. During their meetings and on observation day these FTA'ers learn what it takes to be teachers. Like patience with fourth grade know-it-alls and understanding for those paste-eating kindergartners. They also learn the favorite part of a teacher's day—RECESS!!

ICC: Gets Publicity, Activates

Our Interclub Council are publicity getters and activaters for all of our on-campus clubs. Their job is to get students interested in and excited enough about the clubs so they'll join them and raise our Tiger spirit even higher. ICC members are really into their job. They attend special meetings and discussions so they can better understand the needs of each club.

JOHN

Frosh: New Faces—New Places

At first it was frightening. All those new faces everywhere you went and those terrifying minutes that passed like hours when an upperclassman directed (hah!) you to your next class and you ran frantically to that place only to find out that the class is REALLY all the way back across campus, the same way you just came from!

As the weeks passed though, things became more familiar and fell into a routine. You could almost find your classes with your eyes closed and all those faces weren't so unfamiliar now. And instead of the confusion you felt at the beginning, Tiger pride and sky high spirit for your new teams and campus replaced it.

You really took the Tiger by the tail! Rallies were rally-er when you were rowdy, and class competition was REALLY competition. And you were part of our student government and elections. And now, as you look back at those good times and even the bad times you realize that being a "rookie" wasn't so bad after all.

Sophomores Take Big Step

After being a Freshman for a whole year, the change to being a Sophomore was a BIG step. No longer would fingers be pointed at you when you walked down the hall or accusing voices say "that's a Freshman" and snicker. Now you were a Sophomore and you let everyone know how proud you were about it every chance you got.

You were the model of Tiger spirit after your last attack of tongue-tied-itis. During our rallies you raised the roof and made the upperclassmen wonder if they were ever that loud when they were Sophomores. You were now officially part of the good 'ole LHS campus. You have what it takes!

You voted and were voted for, you pumped floats and painted posters. You got your class rings. You learned what being an upperclassman was all about. You now shared in the responsibilities of confusing Freshmen, watching out for hyper Juniors, and making sure nobody got in the Seniors way when they got "Senior-itis".

Juniors- PSAT, Play, Rally, Prom

Is it really over all ready? Your third year at LHS—gone? They say your high school years fly by quicker than any others, but it seems like only yesterday when you were in the boys' gym, listening to the annual first day pep talk with butterflies in your stomach. Now you're taking PSAT tests and talking about college.

Although time seemed so short, you sure found enough of it to be everywhere at once and do just about everything while you were there. You put on a play that starred a real live six foot pooka (funny, no one ever saw him ...), threw a romantic, "Moonlight and Roses" prom for the Seniors, and took part in anything you could.

You were really terrific! You got it all together on the courts and fields and in the classroom. You listened and were listened to, you guzzled milk, threw farm frizbees, and bucked hay. You even toilet papered each other like pros. And you were the best Night Rallyers this campus has seen in a long time!

Seniors: Where Did the Time Go?

Well, how does it feel? Your last year of high school is over. It seems like you waited an eternity for this very thing to happen and now that it has you wonder where time has gone. Was it really sixteen quarters ago you first set foot on this campus? Was it that long ago that you couldn't wait to enjoy being a BIG Senior?

So much has happened to you between dreaming of being a Senior and actually being a Senior. You've watched and were watched, laughed and were laughed at. You've built prize winning floats, competed in every kind of competition imaginable, both athletic and scholastic. And you've done well in just about everything.

Time and experience have been your best teachers. With time you watched your dreams grow and began planning your future. Experience showed you the things you liked and the way to go. You've grown a lot through everything you've done and been a part of. You've made memories for others and for yourself.

Administrators Tackle LHS Problems

Our Administrative staff tackles the many problems that crop up on our terrific campus. They're the ones who decide the right punishment for wrong doers, balance our different department's budgets, work with our student council to book us the best possible assemblies, and co-ordinate activities to get us involved. They even attend ALL of the athletic games and help cheer our number one Tiger teams to victory. That's some job!

Bill Cottini discusses student attendance with Carol Blank.

Bill Black listens to a request by Continuation instructor Bob Clement.

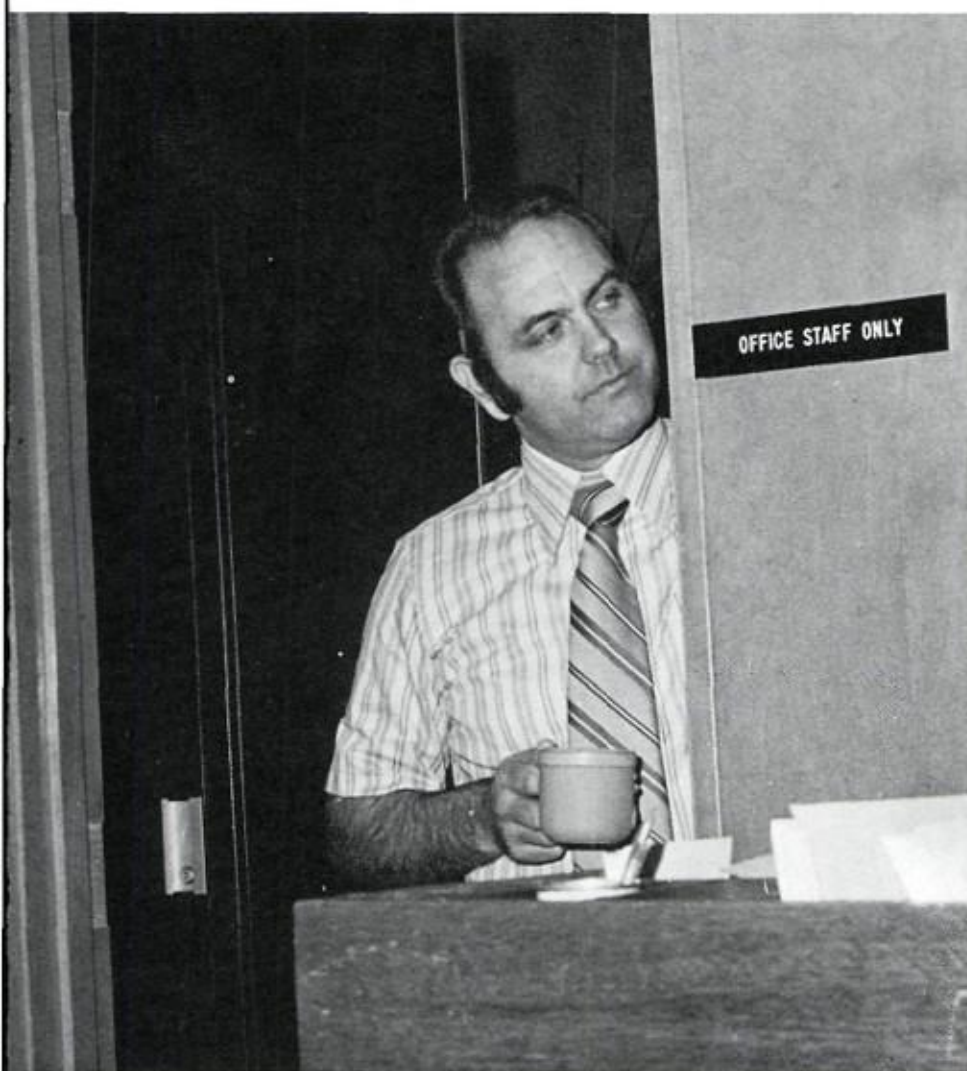

Assistant Superintendent Allen Gilkey points out changes in budgets to Ralph Peterson.

Board Shows Interest and Concern

Our board is made up of six very interested and concerned people. Interested in our campus and its curriculum. Concerned about keeping our high school the best it can be. They do this by being decision makers, idea hearers, and rule interpreters. They are also responsible for all the building and face-lifting going on (and having no air conditioning during those first hot, sticky days of school). Besides doing all those things they also approve our textbooks, hire employees, enact policies, and prepare budgets. They really do a job!

J. L. Castleman, President.

Agriculture (ag' ri kel cher) Noun. Fondly referred to on our campus as Ag. Where "Aggies" try their hand at tractor driving, trailer welding, and the ever popular plant growing. Often where the "earthy" smells of raising sheep, pigs, and calves fill the air, along with the ear-splitting noises of grinders, hammers banging away at anvils, and various engines roaring, full throttle. Future farmers learn the basics of farm management and dabble in the commodities market. The patience and skill of planting is also taught here when students plant their own gardens.

Math (math) noun. Just one of many departments of LHS. Concerned with polynomials, equilateral triangles, x's and y's, square "pi" and the various functions of sine and cosine. All offered to bring out the "whiz kid" in everyone.

Designed to have something for everybody, our Math Department just about does. There is Basic Algebra I and II (the answers are in the back of the book) (Yeah, I know, but only to the odd problems) and Algebra I for those interested in x's and y's and negative numbers that get smaller as they get larger. Or how about Geometry, Advanced Math, (a real toughy), General Math, or Senior Math (your last chance to catch on). That's some choice!

History Students Explore the Past

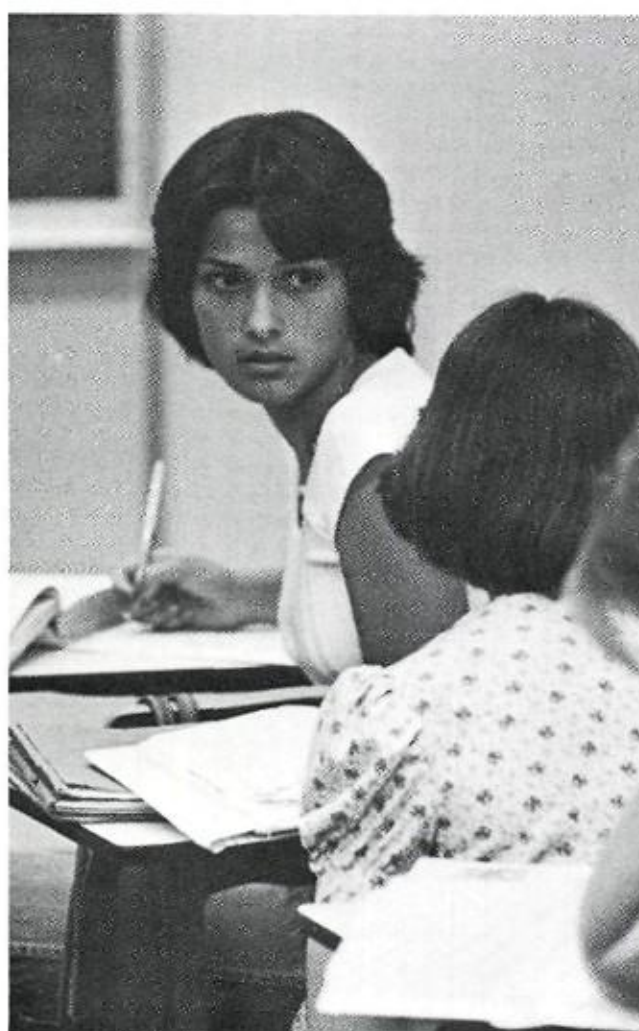

Riley Jones checks in a new student, Marita Monaghan.

History(his'tre) Noun. The only place on campus where you can relive important historical events. Where Christopher Columbus, Magellan, Henry VIII, and other history makers are kept until needed to entertain a class of budding historians. Also where you can bone up on current events, psychological complexes, and trace the development of our own terrific country and its government.

Our History Department has a little bit of everything. Along with the required courses like State Requirements where you learn good classroom driving habits and bandage everything from chair legs to your partner's mouth, and they offer several electives to expand your historical knowledge.

Jim Gordon, does your class look that bad?

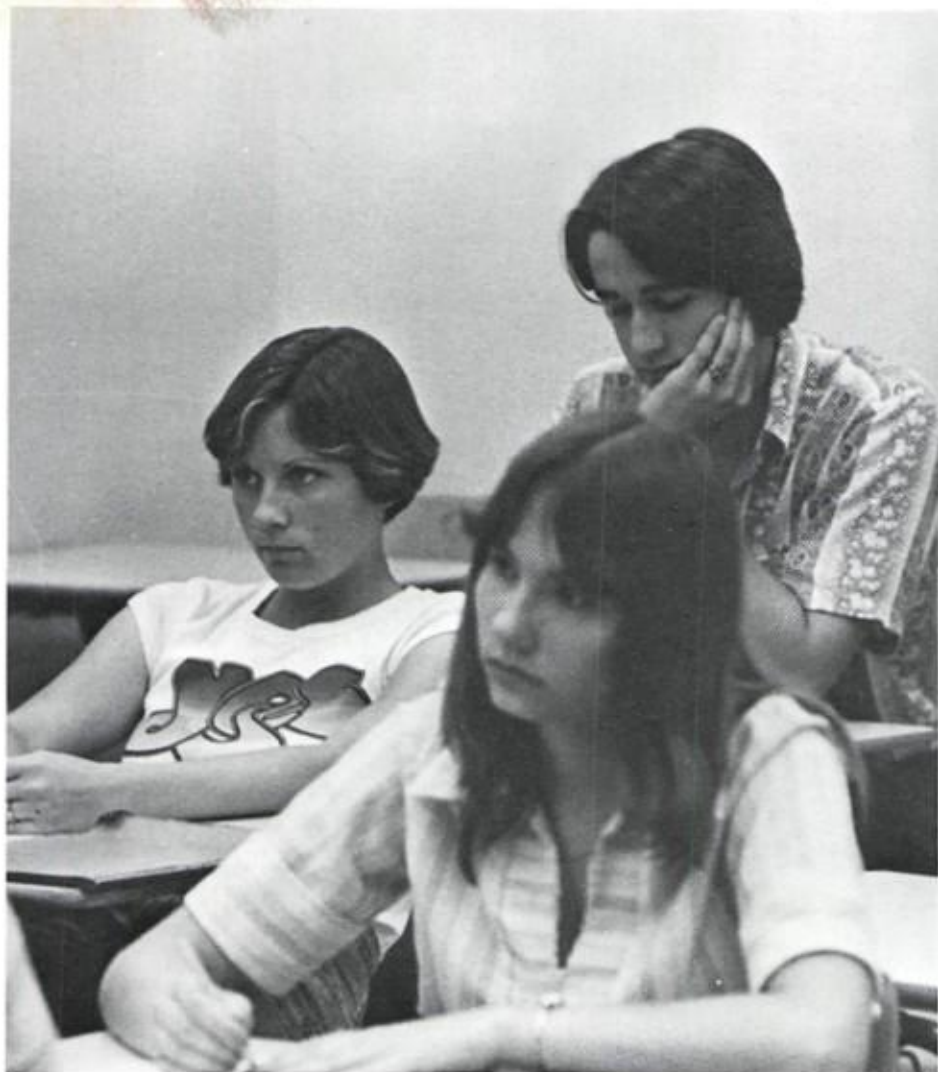

English(in'lish) Adjective. One of the largest departments on our campus. Known for the variety of courses offered. Where the finest literary characters are found, along with some of our greatest sports figures, and some of ancient Greece and Rome's most colorful gods and goddesses. Also, where students, sometimes much to their surprise, actually begin to enjoy English.

Our English Department aims to please everyone. They have a Sports Lit. class for the sports enthusiast, a Folklore class for the tall tale lover, and Humanities, for those interested in ancient civilizations, and customs. Wow!

Kim Hanssing, Otis Tolbert, and Kurt Reynolds sit through an exciting English class.

Students Study Foreign Ways

Foreign Language (for'en) (lan' gwij) Noun. Where everybody has a choice of Spanish (ole!), French (oui, oui, monsieur!), and German (willkommen!) Also where you get a mini tour of the country of your choice through its food, dress, customs, holidays, and most important of all, its language. Passing through each of these countries you may celebrate the Cinco de Mayo with a brightly colored, goodie filled piñata in Spain, a souffle', escargot, or maybe even some caviar (ugh!) in France or join in a hearty meal of saurkraut and sausage in Germany. The conjugation of verbs (oh no, it's irregular) is also suffered here.

Sharon Eirich, Linda Lee and Tempie Swinson compare their French notes.

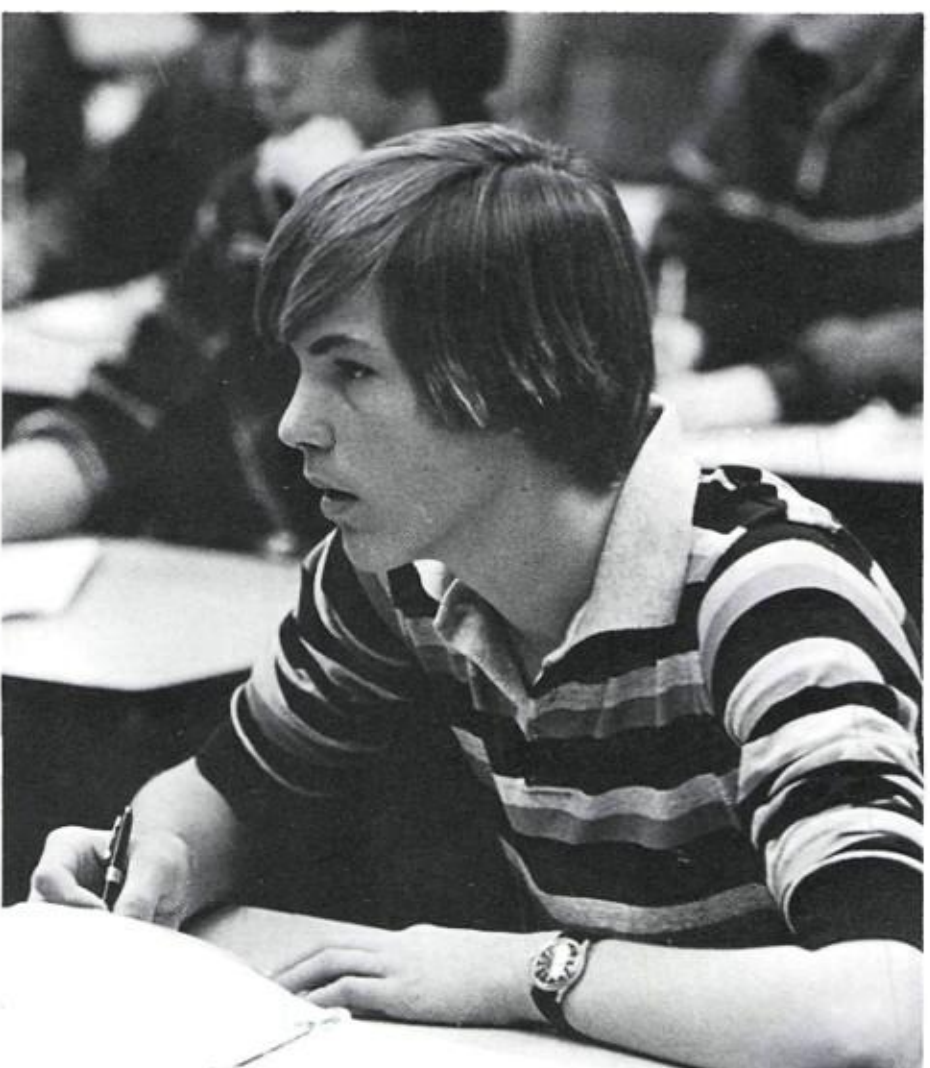

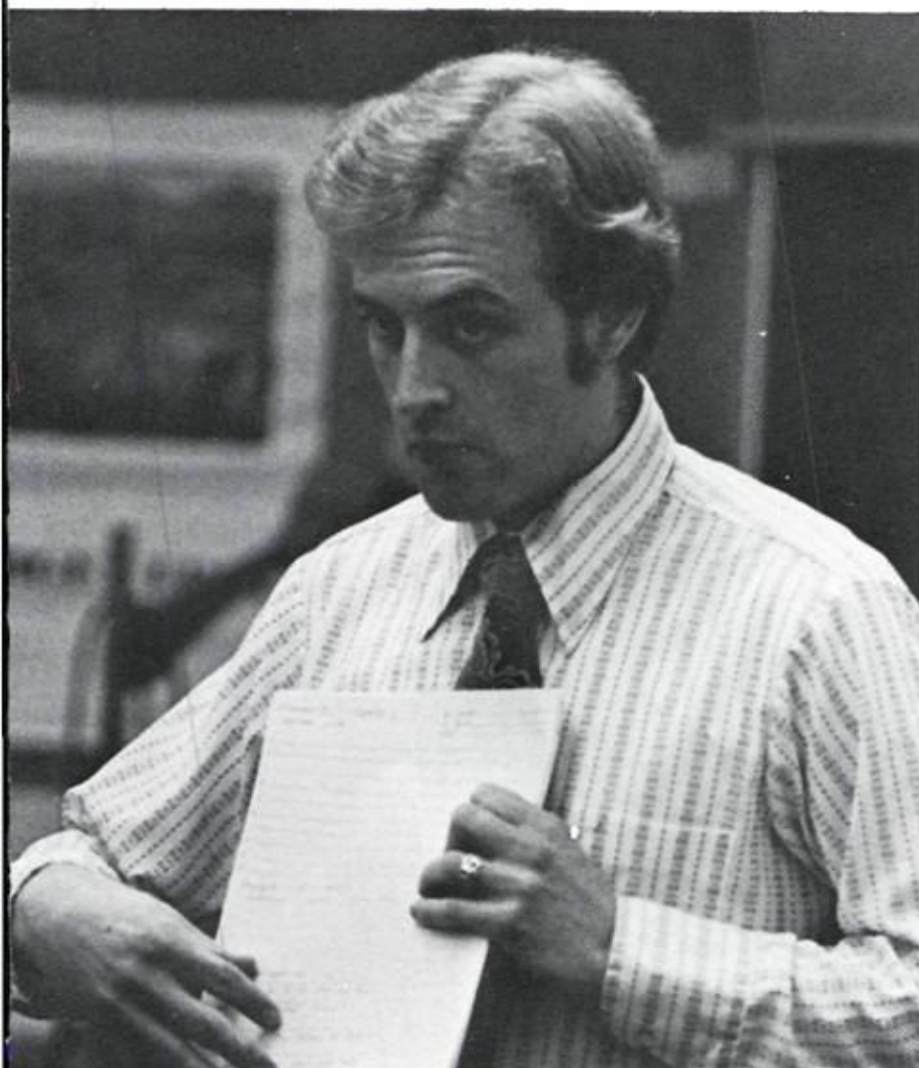

Rayo Budge
David Miller

Monsieur Budge explains a study sheet to his French I students.

Linda Forte, Debbie Stamp, Victor Cleveland, Liz Ospital, Sue Kellams, Brian Ford, and Shawn Beck:
Chacun à son goût.

Lupe Solis

Business: Skills, Complexes

Mary Jo Kellams and Gina Souza prepare to set their margins.

Business (bis' nis) Noun. Where person "Fridays" are born. Also where various business-oriented complexes develop. Like "the long column addition when all the adding machines are being used" complex. The "I can't erase 'cause I have a new typewriter ribbon" blues are sung in Typing I and "please, not another timed writing" is frequently heard in Typing II. The headaches of income tax are suffered in General Business (the long form WITH itemized deductions) and Business English students learn, the, correct, use, of, the, comma. Even the shorthand students begin to love those squiggles they're famous for.

Ted Reynoso concentrates on the keyboard.

Leslie Ogle brushes up on her speed and accuracy.

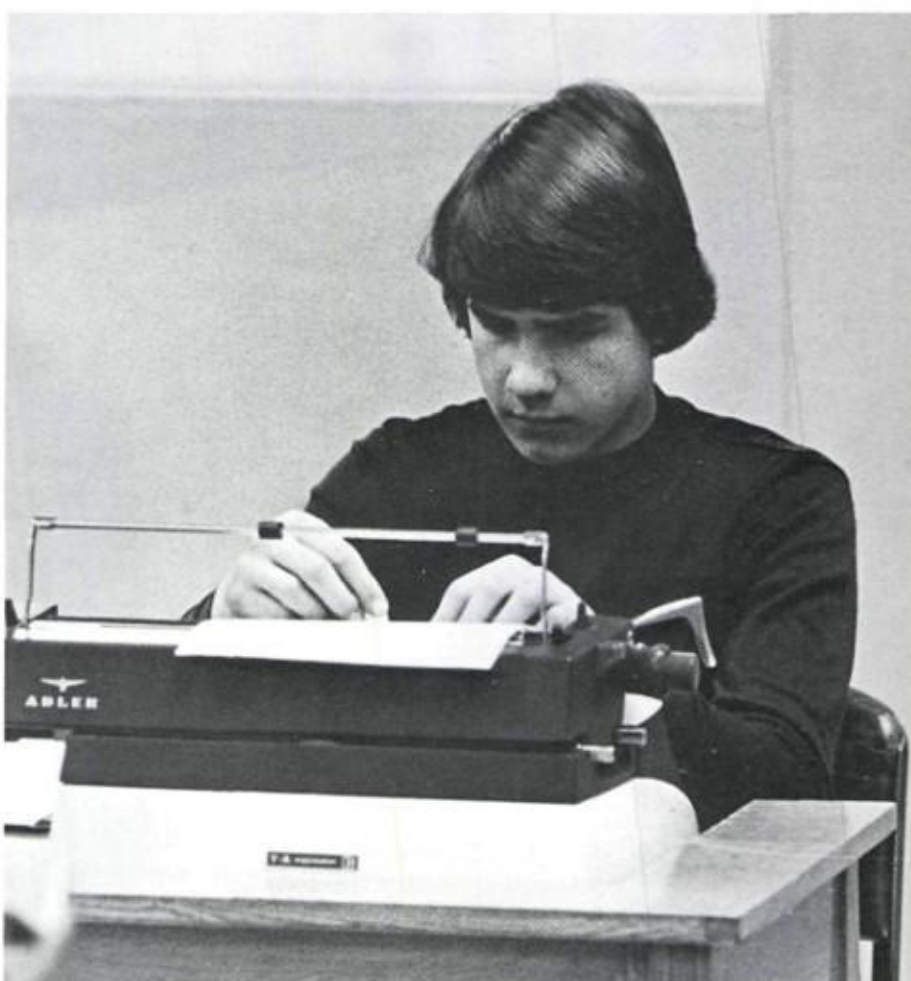

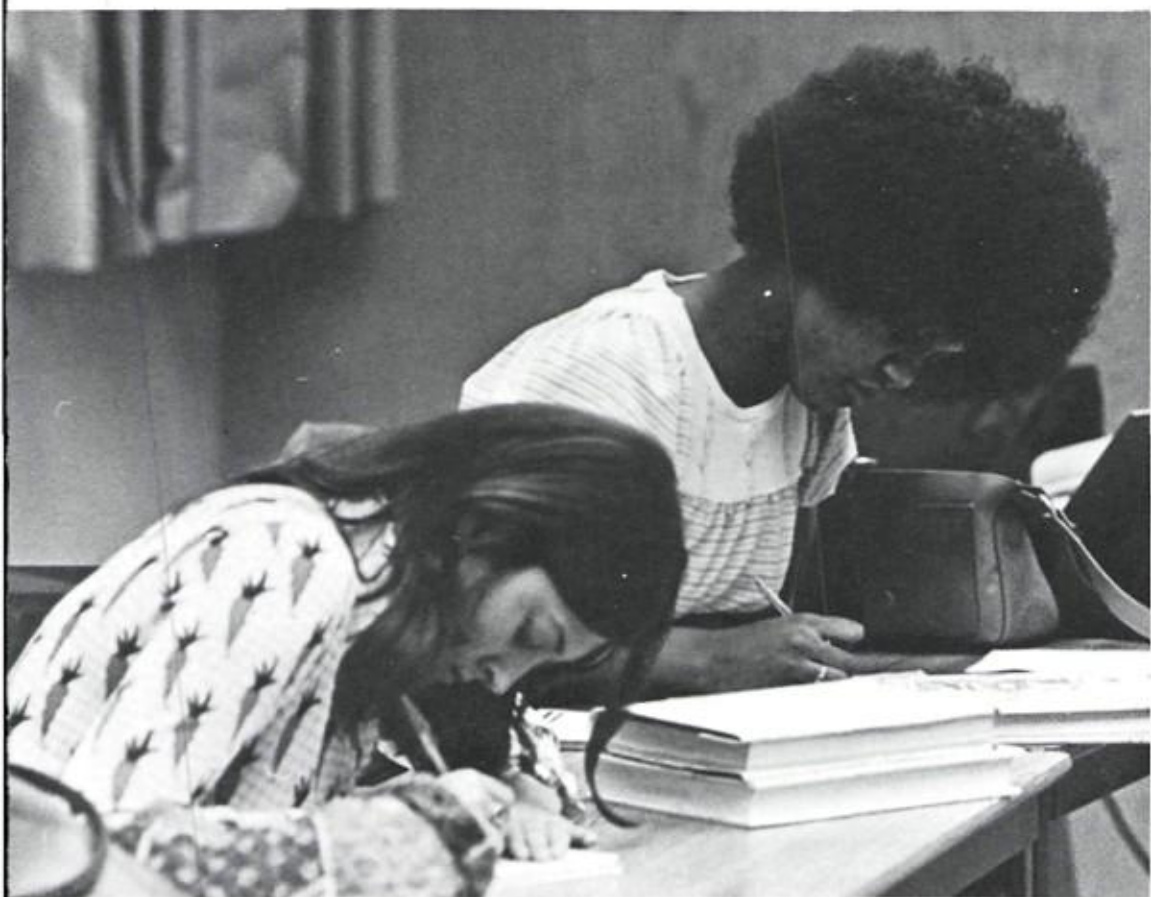

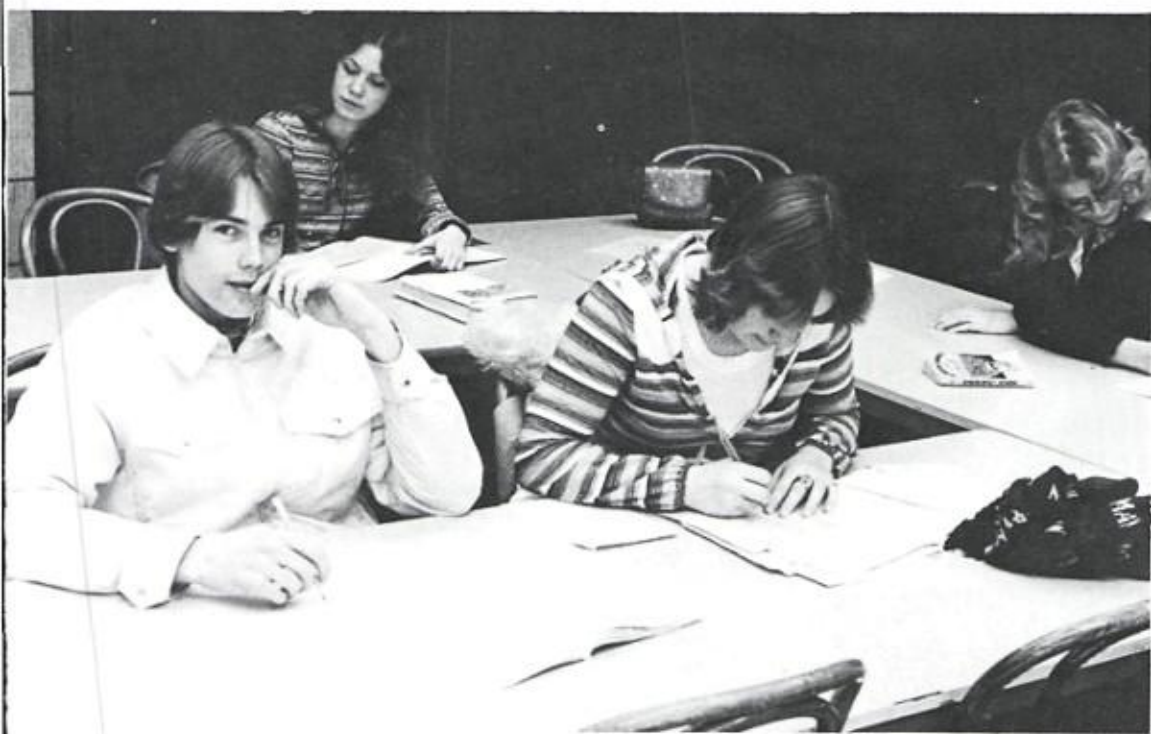

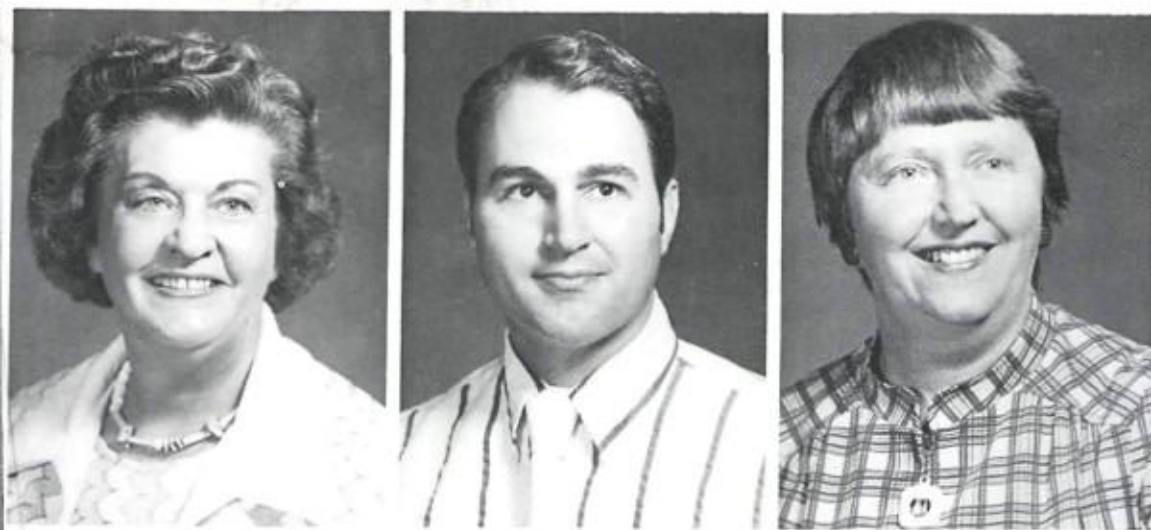

Joel Finley

Science(sci'ens) Noun. The most challenging and funniest classes on campus. Taught by our very own Marx brothers: Coxsey, War-mee, Warkentin, Bennett, and Lee. Where young mad scientists do their thing and pick up a few tricks of the trade. Also where strange smells permeate the air (like pickled frog and fresh fungus right from the incubator). Mathematical calculations take up whole chalk boards and calculators of all kinds are used here.

Our Science Department has everything from the simple to the complex. From Intro Lab to Physics. It's some department!

ABOVE: Jim Hammond and Paul Hallen become experts with the slide rule.
BELOW: Terri Thomas poses for the photographer.

Don Warkentin produces gas. (hydrogen gas).

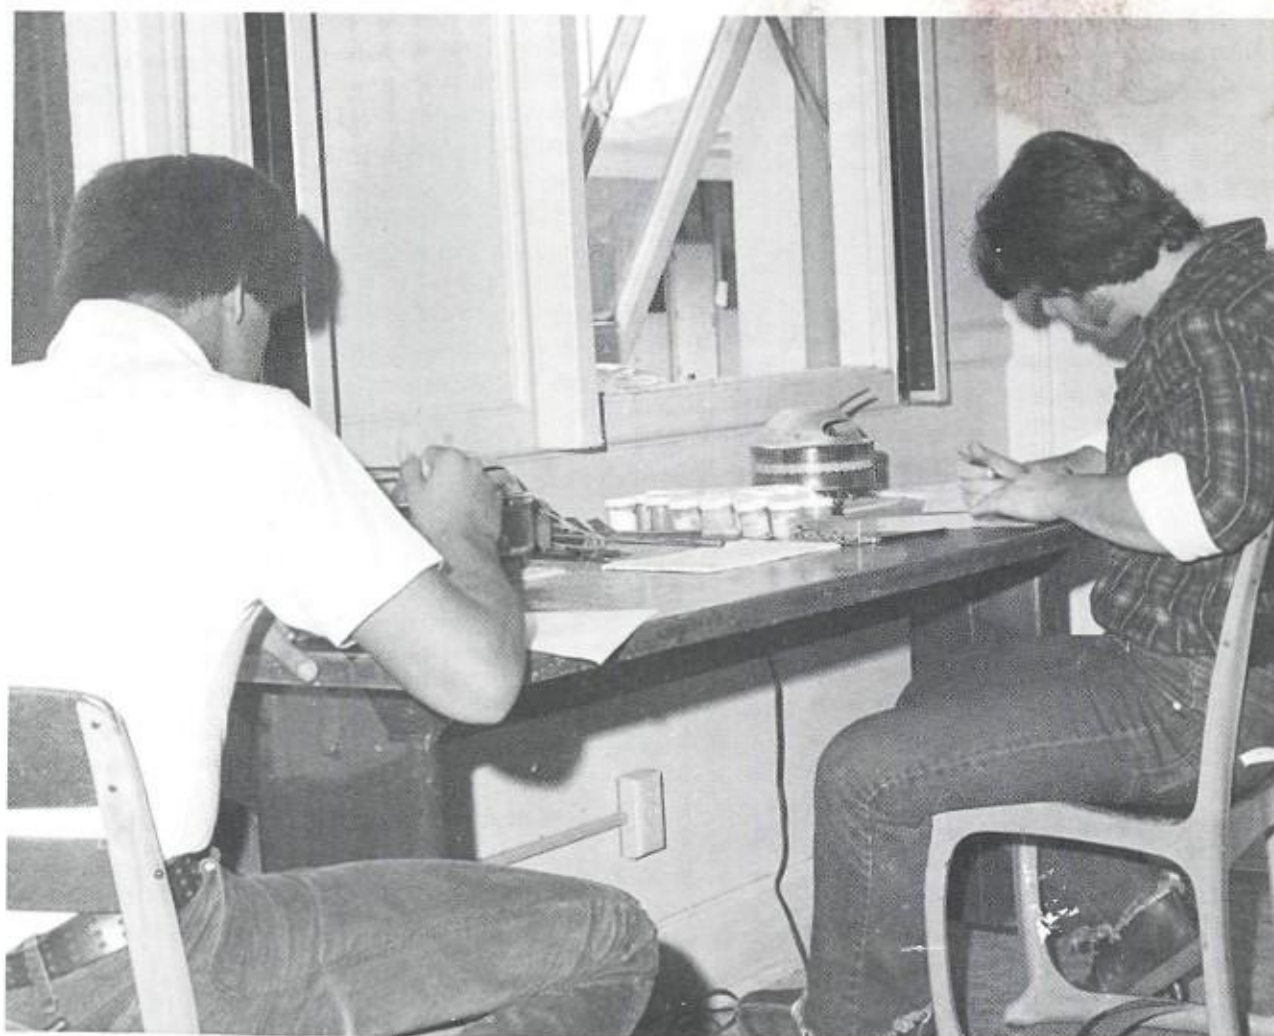

Art (art) Noun. The creative part of our campus. Where expressing yourself comes easily. Where else could you immortalize your very own face in clay or your best friend's hand, arm or leg in plaster of paris? The phrase, "do your own thing" was first heard here when an industrious student was given a cold, gray lump of clay and asked, "what are we supposed to do with THIS?" The studies of perspective, silhouette, texture, and contrast are made here through the use of various mediums, techniques, and ideas.

These include Wood I and II where professional looking tables and stereo cabinets are made, Metal, where plant stands and toolboxes are turned out like crazy and blueprints for advanced wood projects are drawn up in Industrial Drawing.

Chuck Dudley explains the use of one of the many machines in metal shop to Tom Nisbet.

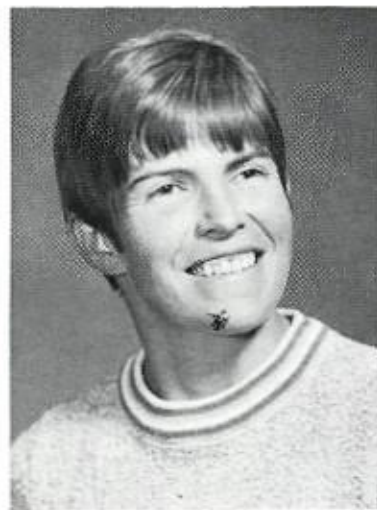

Charles Waits and Jesse Ferrell adjust engine parts.

P.E. Classes Show Football Skills

Physical Education (fis' i kel) (ej e ka shen) Noun. Where everyone learns the three B's of physical fitness; battered, bruised, and broken. Where toes are touched (ugh), laps are run (pant, pant), and ordinary students are molded into future Olympic superstars. The battle of the sexes is continued here in the fields of golf, volleyball, and tennis. Senior girls are introduced to real "dummies" and Juniors "party". The tumbling proves everyone is a Nadia at heart, Arnold Palmers come out of the woodwork during golf, and Robin Hoods come running when those bows and arrows are brought out!

Time is measured in many ways.
 It is measured by the sun,
 As the shadow, the sundial.
 It is measured by hours, minutes or seconds,
 As the hourglass, the clock.
 It is measured by days, months or years.
 As the week, the calendar.
 Yet, in reality
 Time is nothing more than a state of MIND.

People's hours.
Not bankers' hours.

We're now open from
8:30 am to 4:30 pm.
Fridays till 6 pm.

Crocker proudly announces the beginning of the end of "Bankers' Hours."

For years, banks have been run just one way, the bank's way. And, they didn't seem to be changing, until now.

Now, we're open from 8:30 a.m. until 4:30 in the afternoon. And on Fridays until 6.

It's one of the things you've been wanting. And just one of the ways we're changing to fit your needs.

There's a lot more to come. More answers to those banking problems that bother you most.

So stop in at Crocker, before or after hours, and try banking your way for a change.

Crocker's changing banking.
